Profiles

Extend Your Influence – Solve Intractable Problems

The Midas Papers help you become more influential and innovative, critical aspects of leadership. Influence will impact your ability to lead, manage, sell and market while innovation will impact your ability to solve problems, see opportunities, develop products and tap new markets. Together they mean a strong bottom line. These papers' underlying assumption is this: we all have a vast reservoir of talent we have not tapped. Learn how to get the most from your team. Maximize your golden touch; read the Midas Papers.

You Know More Than You Think

Employees Are #1, Not Customers – The Qualitative Superiority of an E1 Approach & Ten Paths to Integrate It

Learn ten simple, efficient and effective ways to create an inspired workforce. These translate into a manual about the fundamental tactics of leadership, management and supervision. They work for business, non-profits, government, churches, volunteer organizations and neighborhood groups. [MP#1001] Pgs: 20, Price: \$14.95, ISBN(13): 978-0-9786613-0-4

Sublimity – Influence Without Awareness

Leadership requires full command of all types of influence especially if some ideas are too complex and difficult to totally understand. Learn eight introductory methods for influencing others without their total understanding and awareness. Discover what advertisers, marketers and politicians already do. [MP#1002] Pgs: 27, Price: \$14.95, ISBN(13): 978-0-9786613-1-1

Nuclear Change – Applying Pareto (80/20) to Organizational Change

Here is a seven step program for changing your organization without dealing with resistance. By focusing your energy on the right 5% of your people, you can dramatically change the entire group. Tap into those who are naturally predisposed to change. [MP#1003] Pgs: 21, Price: \$14.95, ISBN(13): 978-0-9786613-2-8

Poker: An Intuitive Business Model – Four Qualitative Lessons Emphasizing Talent Identification and Development

Your poker game is a venue for practicing your intuitive business, quality assessment and problem solving skills. It's an excellent model for understanding and appreciating intuition's influential and innovative impact in business. Paper includes a special section on Liar's Poker. [MP#1004] Pgs: 23, Price \$14.95, ISBN(13): 978-0-9786613-3-5

Attendance Problems – Case Studies: Maximizing Effectiveness with Intrinsic Approaches

Turn your attendance problems into morale building opportunities. This paper introduces the concept and presents three case studies of increasing difficulty. This approach will correct about 85% of your daily attendance issues without the need for disciplinary methods. [MP#1005] Pgs: 29, Price \$14.95, ISBN(13): 978-0-9786613-4-2

Survey of Word Pairs, A Masculine-Feminine Perspective – Analysis and Implications

Gain insight into the nature of intuition and experience it first hand. A 3-minute word survey demonstrates intuition's way of influencing us without our awareness. The most current results are included and will astound you. The paper gives deeper insight and a model for understanding how the words come to influence our selections. [MP#1014] Pgs: 26, Price: \$17.95.
